

Integra Managed Care HMO 2019 Formulary

List of Covered Drugs

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

HPMS Approved Formulary File Submission ID 19509, Version Number 18. This formulary was updated on 11/01/2019. For more recent information or other questions, please contact our Member Services number at 1.877-388-5195 (TTY users should call 711). Hours are Sunday through Saturday 8am to 8pm. NOTE: Between April 1 and September 30 Member Services hours for Saturday and Sunday will be operated by alternate technology. Or visit www.integramanagedcare.com.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means Integra Managed Care. This document includes a list of the drugs (formulary) for our plan which is current as of 11/01/2019. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2020, and from time to time during the year.

Integra Managed Care is an HMO plan with a Medicare contract and a contract with the New York State Medicaid program. Enrollment in Integra Managed Care depends on contract renewal.

This document is available in other formats such as Braille and large print.

This document may be available in a non-English language. For additional information, call us at 1.877-388-5195. TTY users call 711.

What is the Integra Managed Care Formulary?

A formulary is a list of covered drugs selected by Integra Managed Care in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Integra Managed Care will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Integra Managed Care network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2019 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the contract year except when a new, less expensive generic drug becomes available, when new information about the safety or effectiveness of a drug is released, or the drug is removed from the market. (See bullets below for more information on changes that affect members currently taking the drug.) Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. Below are changes to the drug list that will also affect members currently taking a drug:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on the steps you may take to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Integra Managed Care’s Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

The enclosed formulary is current as of 11/1/2019. To get updated information about the drugs covered by Integra Managed Care, please contact us. Our contact information appears on the front and back cover pages. In the event of non-maintenance changes to the formulary throughout the plan year, Integra Managed Care may make changes via errata sheets mailed to you. Additionally, you may visit our website for a link to the most current formulary.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, CARDIOVASCULAR AGENTS. If you know what your drug is

used for, look for the category name in the list that begins on page number 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 104. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Integra Managed Care covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Integra Managed Care requires your physician to get prior authorization for certain drugs. This means that you will need to get approval from Integra Managed Care before you fill your prescriptions. If you don't get approval, Integra Managed Care may not cover the drug.
- **Quantity Limits:** For certain drugs, when Integra Managed Care limits the amount of the drug that we will cover. For example, Integra Managed Care provides 30 units per prescription for atorvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Integra Managed Care requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 4. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Integra Managed Care to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Integra Managed Care formulary?" below for information about how to request an exception.

What are over-the counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that Integra Managed Care does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by us. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Integra Managed Care.
- You can ask Integra Managed Care to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Integra Managed Care Formulary?

You can ask us to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Integra Managed Care limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Integra Managed Care will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 30 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

For more detailed information about your Integra Managed Care prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about us, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048. Alternatively, you may visit <http://www.medicare.gov>.

Integra Managed Care's Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by Integra Managed Care. If you have trouble finding your drug in the list, turn to the Index that begins on page 104. The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., <BRAND NAME EXAMPLE>) and generic drugs are listed in lower-case italics (e.g., <*generic example*>).

The information in the Requirements/Limits column tells you if we have any special requirements for coverage of your drug.

List of Abbreviations

1: Covered Medications

BvD: Part B vs. Part D-This prescription drug may be covered under Medicare Part B or D depending upon the circumstances.
