### SUMMARY OF MEDICAID-COVERED BENEFITS

People who qualify for Medicare and Medicaid are known as dual eligibles. As a dual eligible, you are eligible for benefits under both the federal Medicare program and the New York State Medicaid program.

The kind of Medicaid benefits you receive are determined by your state and may vary based upon your income and resources. With the assistance of Medicaid, some dual eligibles do not have to pay for certain Medicare costs. The Medicaid benefit categories and type of assistance served by our plan are listed below:

- Full Benefit Dual Eligible (FBDE): Payment of your Medicare Part B premiums, in some cases Medicare Part A premiums and full Medicaid benefits.
- Specified Low Income Medicare Beneficiary-Plus (SLMB-Plus): Payment of your Medicare Part B premiums and full Medicaid benefits.
- Qualified Medicare Beneficiary-Plus (QMB-Plus): Payment of your Medicare Part A and Part B premiums, deductibles, cost-sharing (excluding Part D copayments) and full Medicaid benefits.

The benefits described below are covered by Medicaid. The benefits described in the Covered Medical and Hospital Benefits section of the Summary of Benefits are covered by Medicare. For each benefit listed below, you can see what New York State Medicaid covers and what our plan covers. What you pay for covered services may depend on your level of Medicaid eligibility.

Benefits that are not covered by our plan may still be obtained by using your Medicaid Fee for Service card.
